

Foreflight - Practical VFR & IFR Applications

During this seminar, we will be exploring the basic functions of the Foreflight application and how it can be used effectively for both VFR and IFR operations. Handouts will be provided, but those attendees who have an iPad and the Foreflight application are encouraged to bring it along.

Directions: From SR512, take the Canyon Rd Exit and head south.

Turn left on 160th Street

Turn right on Meridian Avenue

Airport is approximately 1/2-mile up on your left at the next traffic light

Safety in Motion Flight Center is located in the big Spencer Aircraft building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
